SO...

Adventure. Transformation. Friendship. Dive into the quirky, seductive world of *So...*, where a simple circle spins a yarn about encountering the unknown.

So... is a wordless illustrated book that follows the journey of a simple circle traveling through vibrant landscapes. Told through lush batik fabric as well as the whimsical visual vocabulary of buttons, scissors, push pins, needles, and other sewing accessories, the book is a story about who we meet, what we acquire, what we discard, and how we are quietly transformed along the way. Ingeniously designed by NYC-based artist Heather Cox, the book uses texture, collage, color, and implied movement to invite the reader into the visual narrative. Cox guides us through portals, over hills, and behind curtains, urging her readers to imagine an infinite possibility

of stories in these pages. Art lovers and imaginative thinkers of all ages and cultures will delight in this part art piece, part parable.

A perfect gift for the young artist, the crafter, or anyone on a journey of transformation and self-discovery!
